No 206

## THE FIGHT

At Liao Yang is Still Progressing

### JAPS LOSE GUNS AND MEN

Japanese Official Reports states that neither side has gained any material advantage.

#### NO NEWS FROM LIAO YANG.

London, August 31.—The entire absence of war news from the battlefield of Liao Yang up to noon today is not explained. There have been no advices either to St. Petersburg or Tokio. It is now midnight in Manchuria but no word has been received of events since nine o'clock last night, when it was announced that a fierce battle had raged yesterday, ceased at nine o'clock, and the armies bivouacked on the field. The only surmise to be drawn from this absence, both of press despatches and official reports, is that the telegraph lines have been cut north of Liao Yang.

#### JAPS MANOEUVERING FOR STRONG POSITION.

General Sakharoff yesterday reported that a large Japanese force was advancing along the Taisu river, west of the railroad. Such a movement, should it be accomplished, would interpose this force between Liao Yang (the Russian base) and Mukden and would cut Kuropatkin's communications north. An added probability is given this surmise by the fact that yesterday the Associated Press received almost hourly despatches from Liao Yang, one timed at 6.49 p.m., detailing the battle up to that hour, was received in New York at 1.15 p.m., while up to noon today no advices have been received. The announcement that activities were resumed at daybreak, must, therefore, be an invention.

#### BATTLE AT LIAO YANG.

Liao Yang, August 31st.—The battle was resumed this morning earlier than it began yesterday. With the first grey dawn the artillery opened and the firing soon extended along the entire line. The rain ceased during the night, and the day broke fine and clear. The Russians entered the fight confident of victory. As this despatch is sent a Russian is ascending from one of the Japanese positions southeast of Liao Yang, making a target for the Russians' mortar batteries, but the shells have not reached it.

Taku, September 1st.—The battle of the Liao Yang is progressing without appreciable results. The official Japanese despatches sent out yesterday say that neither side has realized any visible results.

#### JAPS TAKEN PRISONERS.

Mukden, August 31st.—Over two hundred Japanese captured at the battle of Liao Yang yesterday passed through here today on a train. Another train is expected today.

Liao Yang, August 31st.—The Russians have effected an advance along the railway southward.

#### RUSSIANS CAPTURE JAP GUNS.

St. Petersburg, August 31st.—Further despatches from Liao Yang confirm the report of the capture of forty-five Japanese guns which were brought up to the railroad station where General Kuropatkin's train was standing.

## MYSTERIOUS DROWNING AFFAIR

Brandon Man Suddenly Disappears a few days after receiving information that a Noble Irish Title and huge Estates were his. Clothes found on river bank.

#### Bulletin Special Dispatch.

Winnipeg, August 31st.—On the banks of the Assiniboine at Brandon just north of the Handbury mill a man's clothing was found this afternoon. Investigation proved them to belong to Albert W. Walker, an employee of the Handbury Milling Company, who is now missing, and whose disappearance is shrouded in mystery.

On Sunday Walker told his employers the astounding statement that he had received a letter from his solicitors in England telling him that after sixty years litigation the English courts had declared him the rightful Earl FitzWilliam. The question originally arose as to the legitimacy of the great-

great-grandfather of the missing man and finally he was declared to be the legal child.

The estates that go with the title are the richest in England and Ireland, and the title is one of the nobles.

Walker since receiving the letter has been telling friends that his income would be \$500,000 per year. So elated was he that he has latterly been purchasing wine for his fellow employees.

The case looked like one of accident; drowning, for on top of the clothing was a towel. The drowning idea is strengthened by the fact that Walker had been in the habit of going swimming early every morning, and also from the fact that he was almost drowned a few days ago. The river is now being dragged.

## Beds Beds

White Enamel and Brass Beds, Youths' Beds, and Children's Cribs. We are showing a larger range and better values than ever before. A very nice design white enameled bed, brass trimmings at \$5.00. **SHOOTING PERMITS**

Shooting permits for non-residents of the Northwest Territories for the Edmonton district may be obtained from W. H. Cooper. A general game license is twenty-five dollars for the season, and a bird game license, fifteen dollars for the season. Guests' shooting permits may be obtained when accompanied by affidavit. Non-residents shooting in the Territories without a license are liable to a fine of fifty dollars and costs.

**The Business Situation**

Commercial, August 27.

The atmosphere is sizzling with crop reports. So contradictory are statements made by various alleged experts that many persons have adopted the plan of refusing to consider any opinions as to damage by rust and the probable yield, until threshing returns are available. They know that conditions have been favorable for a large crop and that there has been no frost of any account, that prices rule high, that the first crop of new No. 1 hard has been marketed, and while there is a variation in the range of crop estimates of about 25,000,000 bushels, they refuse to be carried hither and thither by every wild guess. There has been considerable excitement over the possibility of serious damage by rust, and no lack of orators. But in all this there has been some smothering of reputations. Men who were thought to be disinterested and expert observers, have been found inconsistent, and in some instances, where details have been given, totally wrong. Our private advice on the situation indicates that the amount of damage done by rust has been greatly exaggerated, and that a good crop is still probable. It is likely, too, that the acreage is underestimated, and threshing returns may be expected to be somewhat below the real figures. It should also be remembered that the North Dakota crop had not as favorable weather early in the season, and was consequently not so far advanced as ours when rust developed across the border.

In business circles the general feeling is optimistic. Wholesale trade continues active and of good volume. Advances from country merchants are also optimistic, and a very slight improvement in the money situation has been detected. Despite the shakeout in the wheat pits, prices rule high.

Trade returns for July show a decrease in the total of exports and imports of \$3,896,838. The imports for consumption were \$18,081,931 and the exports \$14,425,777. In July, 1903, the imports amounted to \$19,475,643, and the exports to \$16,756,213. In domestic products, the fisheries show a gain of \$311,875. In other departments the following decreases are noted: Mines, \$74,952; wood products, \$232,147; animals and other products, \$1,465,023; agriculture, \$878,967; manufactures, \$154,727.

**G. T. P. and Calgary**

Albertan:

The Grand Trunk Pacific is an assured fact, as already about \$1,000,000 of surveys have been made.

Mr. Hays, while in Calgary, said that in his opinion it isn't a question of three independent roads across the prairie, but of six or seven, and that in the very near future. The possibilities are so great that three

roads will not be able to meet the needs as soon as the lands are occupied.

The party will be twelve days visiting the different parts north of Vancouver and on the strength of their report the terminus will be chosen.

They expect to cross the mountains on a one per cent. grade, as the mountains are lower farther north. The highest point of the Rockies crossed by any road is in the United States, where the track is ten thousand feet above sea level.

The C. P. R. is 5,200 feet above, but the Grand Trunk Pacific will scarcely be half that.

Senator Cox stated that it was the best bargain any government ever made with a railroad, as the government guarantees the bonds; if they have to pay the interest they keep the road; if the railway pays the interest they own the road.

Hon. S. N. Parent expects to return after the party reaches Vancouver. He is enthusiastic over the country and promises to return next summer again.

On their return from Port Simpson the party may go south to Macleod, and west to Fernie, to visit the fall wheat and mining districts.

When the G. T. P. reaches Calgary an extension will likely be projected to Cowley, on the Crow's Nest pass.

While in the city Mr. Hays said that they had seriously considered the lay of the city with the object of ascertaining the best means of reaching the city and the best place to have a station.

**Farmers Not Worrying**

Realty Gazette, Winnipeg:

Black rust or no black rust, talking one way or the other won't take it away if there is any and won't put it there if there isn't. In the long run it is probably a good thing that some of the grain brokers, anxious for reasons of their own to bull wheat have sent reports broadcast for this purpose. The result will be eminently satisfactory financially. That there has been a bad season of black rust across the line there can be no doubt and the shortage in the crop of the U. S. is undisputed so that the high prices of wheat cannot be just a passing scare, but based on tangible grounds. If the reports of rust and a shortage of yield in Western Canada are helping to keep these prices up so much the better. The farmers are setting us the example of not worrying and certainly with wheat well over the dollar mark, even with half a crop, we could with good reason throw up our caps.

High prices on this side of the water alone sometimes has the effect of preventing an export of any size but again we are in luck at another country's expense, for bad weather has wrought havoc among the crops of the old world, and bread eaters must be fed from this continent. Canada can easily export 90 per cent. of all she grows in breadstuffs but the States cannot for the reason that her home market is each year bigger. That western Canadian fields have shown up better than any other this season should in face of the calamity to the America crop be another proof conclusive that Canada can very well bread the Empire as far as size and productiveness of the country is concerned. This year the amount of wheat that we have to export, will bring us half as much again as it did last year.

# Ross Bros.

Ltd.

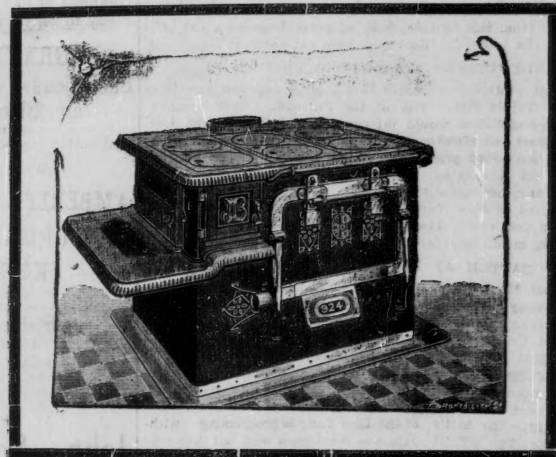

Just a few words further about

## Steel Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No. 9 Steel Range,

### Made in Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48 This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place,

### And we Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store.

**Ross Bros.,**  
Limited.

2 IN 1

2 Shoe Polishes in 1 Paste

That's 2 in 1 Shoe Polish—the polish that has revolutionized shoe-shining. One application—one rubbing—two minutes' time—and shoes look like patent leathers.

“2 in 1” is a Paste, that puts on a waterproof, dustproof shine that won't soil the clothing. Its good for the shoes, too.

In 15c tubes, and 10c and 25c boxes.

## WESTERN NEWS

## INTERESTING ITEMS

Clipped from Our Exchanges. Matters  
Occupying the Attention of Other  
Western Towns

Herald: Building operations in Calgary during the past nine months have reached astonishing proportions. Already permits for the construction of buildings valued at \$722,000 have been taken out. Inspector Smart is confident that the total will reach the million mark before the season closes.

Herald: The oats on the farm of William Miller, three and a half miles north on Nose Creek, have been cut. While there are but eight acres of the fine grain, it promises to yield about sixty bushels to the acre. These oats were sowed on April 25 and harvested August 24. The grain stood five feet high when cut, was well filled out, and farmers of the neighbourhood assert that it is one of the best pieces of oats in Alberta. The complaint of many farmers along the north line is that their seed oats were bad.

Albertan: Five grade schoolers, with weather worn covers and dust covered bodies, arrived in the city from the south at mid-day on Monday. There were a number of men, women and children, in all nearly thirty souls. They had come all the way from Idaho, making a three months' voyage. As they stood outside the post office building they attracted considerable attention as they presented an unusual appearance, with their clothes tied on behind and the children peeping out from beneath the warm canvas. After a short stay they left for the north, and will locate to the east of Carstairs.

Lacombe Globe: P. H. Lantz, and F. A. Himmelsbach, of Columbus Junction, Iowa, were looking over the Lacombe district last week. The gentlemen predict a bright future for this western country.

Phoenix, August 21st: At a large and representative meeting of the Liberals of the Battleford district held last night, Mr. R. F. Chisholm was unanimously and enthusiastically recommended for nomination at the general convention as Liberal candidate in the forthcoming election.

Phoenix: The Citizens of Saskatoon were grieved to hear of the sad death of Const. Chas. Bockwith, of the N.W. M.P. The fatal event occurred at Muskeg Lake, twenty-nine miles from Duck Lake, where he had been stationed at the Muskeg Lake Reserve. He was on patrol duty and while putting on his belt it slipped from his hand, together with his loaded revolver, discharging one of the cartridges. The bullet entered at the groin and passed upward through his kidneys, lodging near the shoulder blade. He was four years in the service and was looked upon as a promising officer, always ready, but never exceeding his duty. His father is a practicing barrister in Fredericton, N.B., and his grandfather was the Hon. J. A. Bockwith, ex-premier to New Brunswick.

Phoenix, August 26th: The directors and officers of the new company of the Grand Trunk Pacific paid a flying visit to the town on Tuesday last. The trip is being taken so that these gentlemen will be made familiar with the country, and to give them a more general knowledge of the scope and magnitude of the enterprise. It will take about a month from this date to complete the trip. Mr. Hays, Senator Cox, and in fact all the occupants of the cars were greatly interested in Saskatoon, and it was easy to learn from the queries asked that the town and district was much spoken of, and was recognised as an important point that would have to be considered—not

only by the Grand Trunk Pacific, but by all companies who wished to get their share of the trade of the West. Mr. Hays said that the crops they had seen near the town were much better than those farther south. It was a surprise to them to know how much the town had grown during the last twelve months. It may be considered an assured matter that their visit will lead to some inquiries and particulars as to the present proposed route of their line, and will at least lead to a branch coming here.

Saskatoon Phoenix: R. W. Beach was fined \$10.00 and costs at Dundurn for shooting at chickens. This should be a warning to would-be breakers of the game law.

Phoenix: Mr. Harry McDonald, government telegraph liner, who has been engaged in the construction of the new line from Moose Jaw to Willow Bunch, for the past few months, returned to Saskatoon this week.

Phoenix, August 26th.—Sir Thomas Shaughnessy, president, and other officials of the C.P.R. are expected to be in Saskatoon this week in connection with the purchase by them of the Qu'Appelle, Long Lake and Saskatchewan Railway, and the building of a new steel bridge at this point.

Saskatoon Phoenix: A. Marcotte, Dominion land guide, has returned from a trip which he made with the president of the German Catholic colony, Mr. Lang. They have been in the Tramping Lake district, where they found a nice tract of land west of the lake, which is 140 miles west of Saskatoon. The G.T.P. have their survey running from the west of the South Saskatchewan in township 31, following north to the south-east end of the lake, where there is a natural gap for laying the road. The lake is twenty-five miles long, running S.E. and N.W., and in some places it is over a mile wide. The land around the lake is A. 1, and there is room for thousands of settlers.

Phoenix—A sad accident occurred in Prince Albert on Saturday last. A young man named Kirkpatrick was engaged in making the test run of the new engine which he was installing at Kidd's Mill, and in passing over a plank at the rear of the engine, he stumbled and was pitched headlong into the large driving wheel, his head being crushed to a pulp. The unfortunate young man came from London, Ont., and intended to return home this week.

Macleod Advance: Mr. John H. Grady came in on a visit Sunday. Mr. Grady lives in Vancouver and has been connected with the police force of that city from its earliest inception, and has been jailer for a number of years. He was one of the expedition sent out to quell the Riel rebellion, at the time Scott was shot. He was also one of the first Dominion police, and travelled through this part 30 years ago locating the international boundary line. He is delighted with the country, and returns to his duties in a few days. He is accompanied by his sister, Mrs. Peter Taylor, and her daughter, Miss M. Taylor, from Sydney, Australia. They have been on an extended trip as far east as Boston and New York, visiting with their brother, Prof. Grady, in the former city, also members of the family at Owen Sound, Sault Ste. Marie, Winnipeg, and go from here to Edmonton, thence to Vancouver and Victoria on their way home. It is over 30 years since Mr. A. E. Grady and his sister last met. The party are pleased with their trip. When they reach home they will have travelled nearly 30,000 miles, just to see their friends.

## SEEKING INFORMATION

Almost every mail brings letters to the Bulletin from different parts of the States, from Ontario, and other parts of the east, from parties interested in Western Canada, and more particularly in the Edmonton district.

## "The Big Store"

## Has Just Received

McDougall &amp; Secord

Phone 36..

One of a couple received last night is from W. H. Gladwin, Red Cliff, Colorado. He states that a great interest is being taken in the Edmonton district in that part of Colorado and asks for information regarding the country and also sends along a subscription for the Bulletin. Copies of the Sutter pamphlet and other literature have been sent him. It is a very frequent occurrence to have Western United States farmers mail us an American greenback for a year's subscription to the Bulletin, and from four to six months later drop in to the office at Edmonton and order the address changed to Vegreville, White Whale Lake, Riviere Qui Barre or another of the dozens of post offices throughout the Edmonton district. Geo. Bulmer, of Armstrong's survey party, is in the city.

A mother's pride is in the dainty muslin dresses of her children. They soon lose their stiffness and get "mussy" if they are not properly starched. Celluloid Starch gives the muslin just the proper firmness and the finish makes them keep clean longer. It is a pleasure to iron when you use Celluloid Starch and the result is never disappointing. All good grocers sell

## TO BATTLE RIVER

FROM EDMONTON

Party Makes an Interesting Overland  
Trip east of Edmonton. Millions  
of Ducks Seen

Percy Abbott, of Edmonton, Rev. I. Webb, lately arrived from London, Ontario, and Mr. and Mrs. Ryan, of Strathcona, comprised a party that returned the first of the week from a delightful though long drive through the district east of Edmonton. Leaving Strathcona, they took the Hay lakes trail to the Hay lakes, passed north of Bittern lake, and proceeded to Rosecroft and Duhamel. From Duhamel they drove to Heatherbrae, thence southeast to Spring lake, and continued southeast to the Iron Creek. This is a great ranching country, and many first-class ranches were visited by the party. There is an abundance of the most nutritious grass and spring water—the great requisites of a good ranching or dairying district. From Iron Creek they travelled about fifty miles south-east to the Battle River district. In this district, which was quite hilly where they visited are innumerable spring water sloughs and small lakes. Millions of ducks abounded. In every direction the lakes and sloughs were covered with splendid birds, and if the party had been imbued with a spirit of wholesale slaughter, a thousand ducks could have been secured.

From here they drove across the country to Salty lake, in the southern Vermilion country. This lake is triangular in shape, about three miles long and a half a mile wide. The water is so salty that it renders it totally unfit for drinking purposes. One member of the party endeavored to use some of this water to make a pitcher of lemonade. Three lemons and a quantity of sugar was used, but so salty was the water that the lemon could scarcely be tasted.

From Salty lake the return trip was made to Edmonton by way of Vegreville, north of Beaver lake, to Bruderheim and Fort Saskatchewan. In these districts the crops were noticed to be in splendid shape in every direction. The harvest is general in most districts. Very few prairie chickens were noticed during the whole trip, which lasted two weeks. Splendid tracts of country were passed through and new settlers are constantly invading these districts. Railroad development would make them spring into importance with leaps and bounds.

## A VISITOR FROM AUSTRIA

Prof. Enginon Philippovich, professor of political economy in the university of Vienna, Austria, who arrived in Edmonton last week, returned on Wednesday from a tour through the country lying north-east of Edmonton as far as a point beyond Star. Prof. Philippovich is officially connected with the Austrian Government and is making a tour of Western Canada and part of the United States in the interests of that government, with a special view to noting the conditions and progress of emigrants from Austria in America. He is especially interested in the Edmonton district, as most of the large German and all the Ruthenian population of the district numbering many thousands came from Austria. Prof. Philippovich will report that both Germans and Ruthenians are contented and prosperous and have made surprising progress. He is especially struck by the social advancement of the Ruthenians or Galicians. As an instance he met in Edmonton a Galician settler whom he had known in Austria. In that country between a Galician peasant and a professor of the highest university of the empire there is a great social gulf fixed. The greeting given by the peasant to the professor in Edmonton was quite effusive. But when professor and peasant met a few days afterwards on the latter's present stamping ground at Star he showed his pleasure at meeting and at the same time demonstrated his social equality by asking the professor up to the hotel bar to have a drink at his expense. In this country, of course people say: "Why not? certainly; why not? But such a thing could not occur in all the wide empire of Austria, and indeed if it occurred would indicate a social or possibly political revolution. The professor says that there is strong opposition on the part of the land holders and other employers of labor to the movement of the poorer classes to America, as they now feel the lack of labor on their farms. There are no governmental restrictions, however, except those relating to military service, which require every man to appear for service at stated intervals, subject to penalty. This is a strong deterrent upon owners of property, but does not affect the poorer people so much. The conditions of peasant life in Austria, and especially in Galicia, where the Ruthenians form the peasant class under Polish landlords, are still such as make emigration the most desirable outlook for a very large proportion of the people. Have any of those interviewed by Prof. Philippovich expressed any desire to return to Galicia, unless they had at first acquired independent means? As they expressed a Galicia good country for rich men, no good for poor men. The professor was especially surprised at the readiness with which the Galicians have taken to the use of farm machinery, something which they seldom or never saw at home, much less used. He was also surprised at the facility with which many of them spoke English. Prof. Philippovich left this morning for a tour through the Western States, ending with the St. Louis exhibition.

## FALL RIFLE MATCHES

The Edmonton and Strathcona Rifle Associations having decided to hold joint matches this fall, the match committee met last evening and got up the following prize list, details of which will appear in our next issue:

Nursery match, 200 and 500 yards, seven rounds, purse \$25.  
Association match, 200, 500 and 600 yards, seven rounds; purse, \$50.  
All Comers' match, 500 and 600 yards, seven rounds; purse, \$50.  
Grand aggregate, 800, 900, and 1,000 yards, seven rounds, cup, \$25, and purse, \$50.

This makes a total prize list of \$200 in addition to which there are several medals and trophies put in by each association for their own members.

A couple of extra series matches will likely be added, if time permit.

There will be no personal solicitation for contributions of cash or goods, but if any of our public-spirited citizens would like to assist "the man behind the gun" Mr. G. H. Graydon will be pleased to receive any contributions or the promise of such. The matches take place on the 20th.

## THEY LIKE OUR DISTRICT

Thos. Hilloard, managing director of the Dominion Life Assurance company, and David Bean, a director of the same company, both of Waterloo, spent yesterday in the city. T. M. Turnbull, manager of the Bank of Commerce, and H. C. Taylor, of Taylor, Boyle and Gariepy, took them for a drive through the Sturgeon district. They are in the course of a month's trip through the west, and expressed themselves as delighted with the progress and prosperity so evident in Edmonton and Northern Alberta. They were greatly impressed with Edmonton's possibilities and prospects. The crops seen in their ride through the Sturgeon district were an eye-opener to the visitors. They stopped at a field where oats were being cut that would yield a hundred bushels to the acre. Harvesting operations are well advanced in this settlement.

We invite inspection of

## NOTHING OFFICIAL

### REGARDING GOV.-GENERAL

But Earl Grey is generally expected in Government circles to get the appointment

Bulletin Correspondence.  
Ottawa, August 31st.—It is stated in Government circles to-night that Earl Grey will be the next Governor General of Canada. There does not appear to be very much doubt to this now. Still nothing official is to be had.

## HEAD ON COLLISION

### ON THE GRAND TRUNK

J. Blanchett, M. P. for St. Hyacinthe one of ten who are reported killed

Bulletin Correspondence.  
Ottawa, August 31st.—J. Blanchett, M.P. St. Hyacinthe, was killed today in a railway accident at Richmond, Quebec. Two passenger trains collided on the Grand Trunk Railway. There are said to be ten in all killed and sixty injured. A special for Sherbrooke Fair ran into an express. It was a head-on collision.

From Another Source.  
Richmond, Que., August 31.—Nine persons were killed outright, several fatally injured and over twenty more or less injured, as the result of a head on collision which occurred today about a mile from this place, between a special Grand Trunk passenger train from Montreal and intermediate points, crowded with passengers for the Sherbrooke fair, and a local passenger train bound from Island Pond to Montreal.

The locomotives were completely wrecked and the two front cars of each train were telescoped. A frightful scene followed. The passengers were pinned under the debris. Most of those killed were in the smoker of the excursion train. Amongst the killed was Mr. J. B. Blanchett, M.P. for St. Hyacinthe, who was on his way to visit the Sherbrooke fair.

## UNUSUAL BAIL

### GRANTED

To a man accused of wife murder.  
Toronto Customs House receipts

Bulletin Special Dispatch.  
Toronto, September 1st.—Unusual orders of bail in the case of alleged murder was granted by the court today. John Galbraith is a prisoner, now in jail at Gore Bay, awaiting trial on a charge of having murdered his wife last July. As there are no winter assizes in Gore Bay the trial cannot take place before next June. Mr. Justice Britton today accepted \$10,000 bail.

The million dollar note for the month was passed at the Toronto Customs House today at noon. This is by far the greatest receipt in the history of the port of Toronto.

## PUPILS ENROLLED

### AT THE CITY SCHOOLS

Large list of new comers registered at the Public Schools

Edmonton Public and High schools opened Monday, and work is now being got well under way. Nineteen teachers are now on the staff of the Public school and another will be added shortly. Mr. Hutton, who was engaged as drill instructor, has been given temporary charge of a class in

## NEWS OF THE WORLD

### IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With the Day's Most Important Happenings.

Winnipeg September 1st.  
Duck shooting opens today in Manitoba.

Emerson was visited with a ten thousand dollar fire.

The Caleros had their annual picnic.

Dr. Carscallen, ex-M.P. for West Elgin, is dead.

Four hundred Cape Breton men are coming west to help handle the crops.

The Knittle and company mill elevator at Boissevin, was destroyed by fire.

Bartlett, the alleged provincial government defaulter was arrested at Detroit.

An elevator fell thirteen stories in Pittsburgh. Five were seriously injured.

Dan Patch lowered the pacing record for a half mile track making the mile in 2.05 1-4.

There are twenty-four cases of typhoid in London, Ont. The majority of the cases are traceable to Port Stanley.

Forest fires are devastating Newfoundland. Five hundred families are homeless. Timber to the value of \$200,000 has been destroyed.

A meat famine is probable as a result of the latest move in the packers strike. A general strike of butchers' workers has been called.

## LORD AND LADY MINTO

### AT FORT WILLIAM

Enthusiastically received. Winnipeg will give official reception

Bulletin Special Dispatch.

Fort William, August 31.—Lord and Lady Minto and party arrived in Fort William this evening. Hundreds of people, including Mayor Jackson, the town councillors, and the band, crowded the station platform and lent their enthusiasm to the reception. When the vice-regal party appeared after having met the mayor, ex-mayor and councillors, the band struck up the national anthem which was scarcely heard above the enthusiastic cheering.

Winnipeg, Sept. 1.—Their Excellencies only spent a short time in Winnipeg as an official reception is to be given them on their return.

## USES HIS GUN

### KINGSTON, CONSTABLE

Fired on by burglars whom he succeeds in capturing

Bulletin Special Dispatch.

Kingston, Sept. 1.—There was a fusillade of shots on Princess street yesterday. They were exchanged between burglars and policemen. Constable Hughes found two men in Hood's drug store. He entered and was met by bullets. The men dashed by him and fled. He used his gun and the men were caught.

the assembly room of the Queens avenue school, pending the engagement of another teacher. This class will shortly be moved to the room formerly occupied by the Alberts college in the Masonic block on First street.

Besides the 612 pupils now in attendance at the Protestant public schools, there are upwards of eighty or ninety children that have not yet returned to school after the holidays. Last year for September the attendance was 516 and before the next month 67 more scholars had gathered in. This will place what may fairly be called the regular attendance of the school at 712. One hundred and twenty new scholars are in attendance at the Protestant public schools in the different standards.

Queen's Avenue school.  
The following is the table of attendance

	std.	No.	New
W. Rahasy, V.	32	4	
Miss Campbell, III.	48	6	
Miss Hutton, III.	61	1

Mackay Avenue School.			
Miss Chagwin, IV.	41	5	
Miss McRae, III.	45	4	
Miss Boyle, II.	30	4	
Miss Graham, II & Pk. II.	38	3	
Miss McCartney	45	16	
Total		690	122

The Queens avenue school grounds were neatly fenced just before the holidays and the trees that were planted along the fences in the spring are all growing splendidly and in a year or two will doubtless add very materially to the beauty and picturesqueness of the handsome school building. Principal Ramsay has been authorized to purchase about one thousand bulbs, which will be planted along the sidewalk inside the playgrounds and in front of the school. Each room will probably be given the care of a certain number of bulbs.

A large number of the pupils of the Queens avenue school come from the northeast section of the town, where it may soon be found necessary to erect a ward school.

The building of the MacKay avenue school is an endeavor to localize all children of school age into one or other of the two large schools. The basement of the new school is constructed and work is now progressing on the foundation. When completed each one of the eight rooms of the school will doubtless be called into immediate use.

### SAW GOOD CROPS

Mr. George Harcourt, Superintendent of farms and institutions under the Territorial government has recently arrived in Winnipeg from a trip over the Territories. To a Free Press reporter he spoke as follows:—

"While the stand is light in some sections of the Territories the crop generally is the best that we have had in years. I have spent two weeks on the Edmonton line, and barley cutting was in full swing at Red Deer, Lacombe, Strathcona, and Fort Saskatchewan by the beginning of the second week in August. Oats were turning, and I saw wheat at Lacombe that would be ready for the binder in a few days and by now, of course, it is in stock. While a little thin, owing to poor seed, the crop as a whole is one of the best ever harvested on the C. and E. line. Last week I spent on the Estevan line, and did a great deal of driving through the country. There too the crop is a little thin in places, but on the whole will be a very paying one. I was on the look out for rust, but found very little of it, no more than in average years. Wheat cutting will be in full swing this week at all points in southern Assinibola.

Along the main line the wheat crop promises to be a very good one, and the damage from rust is practically nil. I think a great deal too much importance has been given to the rust question this year: at any rate so far as the Territories are concerned.

In a few low-lying spots there was a touch of frost last Saturday night, but the areas affected were very small and with the change of weather I think the frost danger is past."

### Rust Reports Exaggerated

Commercial, August 27th.

The crop report issued by the C.P.R. early in the week is very satisfactory. Weather conditions have been fair to good, practically no damage from frost is reported, while the reports of wide spread and severe damage from rust which have been freely circulating in market circles are contradicted. Some sections appear to be practically free of rust, and even in districts where it is reported to be worst the proportion of loss is estimated at only from two to ten per cent.

Along the main line as far west as Brandon there is reported to be no more rust than in previous years. A heavy yield is expected, and cutting would be general about the end of this week. Farther west to Moose Jaw, the weather was rather cloudy and cool. Farmers were ready to begin cutting as soon as it cleared up. The crop was heavy. Farther west again to Swift Current the week was dry and no damage from frost. In south-western Manitoba damage by rust is carefully estimated at two to ten per cent, and the yield placed at eighteen to twenty-four bushels. Little damage by rust or otherwise is reported in the adjacent portions of Assinibola. In southern Manitoba the weather was reported to be rather unfavorable for ripening, but without damage. Favorable reports come from Manitoba points north of the main line and portions of Assinibola, near by, while farther west in Assinibola, both north and south, favorable conditions are reported.

### MUSIC

**VERNON RAEFORD.**  
(Organist of All Saints Church)  
Gives lessons on Piano and Organ.  
Studio in Macdonald Block, corner of Second and Jasper Ave.

**MISS BESSIE PHILLIPS** gives lessons on the Piano, Organ and Violin.  
Pupils taken through the Vienna Conservatorium Course.  
Studio 5th Street, West.

**MISS HENRY** certificated teacher of Toronto Conservatory of Music, will receive pupils for study of Piano, Organ and theory.  
Pupils prepared for examination at the Conservatory of music.  
Studio in Chisholm Block.

**PRIVATE SCHOOL.** A Private class will open in "All Saints School Room" on Monday, August 25th. For terms and particulars apply to Miss D. STEWART, Miss A. REAVES or at the Rectory.

**VIOLIN.**  
Thomas Irving, teacher of violin, late leader of Theatre Royal, Edinburgh. Music of all kinds supplied. Violins repaired. Bows haired. For terms address G.P.O., Edmonton. d-182-207-pd

**DR. ROY**  
PHYSICIAN AND SURGEON  
SPECIALITIES: Diseases of the Eye, Ear, Nose and Throat. Consultation from 2 to 5 p.m. Telephone Office 58; Residence 157

**PECK'S BOOK**  
MUSICAL DIRECTOR  
Of the Alberta College. Receives Pupils for the Organ and Theory. Address, Alberta Studio, Glenora Block, 1st Street

**BANJO, MANDOLIN AND GUITAR SCHOOL.**  
Principal Mandolin Guitars: Will J. Flouwright, E. A. Wigmore.  
Studio 1st, E. B. R.

**MISS BEATRICE CRAWFORD**  
(Certificated Pupil of Toronto Conservatory of Music)  
Organist of Methodist Church  
Pupils and engagements as accompanist accepted.  
STUDIO — Crawford & Co's Jewellery Store, opposite Bank of Commerce

**MIRIAM GREEN, A. T. C. M.**  
First class honor graduate of Toronto Conservatory of Music.

## The Formal Opening of

# FIT-REFORM

## WARDROBE

Was a most gratifying Success.

Not only the men, but ladies, too, found much to admire in this ideal showing of Winter Suits and Overcoats. And after we have demonstrated the faultless quality of the fabrics—the peerless tailoring—the perfect fit of every garment—and explained just why "FIT-REFORM" CLOTHES were tailor-made yet ready to wear, there was only one exclamation: "How can you sell such splendid clothes for so little?"

We explained that, too—how, by making and selling thousands of Suits and Overcoats where others sell a dozen or two, we keep the cost of tailoring and retailing down to the minimum.

We had no idea of selling a single garment on "Opening Day." We wanted you to SEE, first of all. But so many men found just the Suit or Overcoat they wanted, it fitted so perfectly, and the price so much LESS than what they had expected to pay, that they purchased it on the spot.

If you didn't get the chance to attend the "Opening," come to-day or to-morrow, or when you can

COME TO SEE, YOU ARE WELCOME ALWAYS  
whether you buy or not. Suits and Overcoats  
\$12.00 to \$30.00. Trousers \$3.50 to \$6.00

**J. H. Morris & Co.**  
Edmonton, N.W.T.

## PLEASED WITH EDMONTON

Mr. Alex. Laird, of Toronto, assistant general manager of the Canadian Bank of Commerce accompanied by Mr. Jns. Aird, manager of the Winnipeg branch of the bank, arrived in Edmonton Tuesday evening. They were met at the station by Mr. T. M. Turnbull, manager of the local branch of the bank, and were driven about the city and the immediate surrounding district. This was Mr. Laird's first visit to the city. They had hoped to be able to spend a day in Edmonton, but on account of urgent business at the coast had to leave on this morning's train. They were favorably impressed with Edmonton, and with the industrial growth of the town, and in fact of the whole line from Calgary north. They appeared to be well satisfied of the stability of Edmonton's progress as well as with her future prospects.

## SHIPMENTS OF BRICK

P. Anderson and company's brickyard on the flat across the river has been turning out enormous quantities of brick this season. So far this season they have manufactured over two million brick and before the season closes expect to get out about five hundred thousand more. At least two weeks of weather suitable for the manufacture of common brick and one month for pressed brick is expected. At the present time the company have 1,500,000 brick in their yards. From seventy-five to one hundred thousand brick are being shipped to Wetaskiwin. A car containing about twelve thousand was sent yesterday. Pressed brick is being shipped to Calgary, thirty thousand going next week. The season has been a splendid one for brick manufacture and the local demand has been much less than last year.

## Ferris-Swanzey

The marriage of Miss E. Grace Swansey, daughter of Mr. James Swansey to Dr. W. D. Ferris, of Edmonton, Alberta, took place quietly on Wednesday evening at the home of the bride's parents on August 24th, 353 Elucid avenue, Rev. T. M. Campbell officiating. The bride, who was given away by her father, wore white liberty silk, and point d'esprit over tulle, with veil and orange blossoms, and carried white roses. The only ornament worn was a pearl necklace, the gift of the groom. The bridesmaid, Miss Tess Swansey, wore white organdy and carried pink roses. The groom was supported by Dr. Fred Catwiche, of Henall, Miss Charlotte played the wedding march. Dr. and Mrs. Ferris left for a short trip to Montreal and the east before going to their home in Edmonton.

## SPORTSMEN

The shooting season is on and we wish to call your attention to our complete stock of shot guns and shells. Guns from \$5.00 upward. Kynoch, Normal and Amherst shells and the well known Grand Prix shells in Smokeless and Black Powders. Your orders will receive prompt attention.

John Sommerville & Sons

## The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situate, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon and cultivation of the land in each year during the term of three plans:

(1) At least six months' residence years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 bushels of stock, with cultivate 30 acres of his homestead, buildings for their accommodation, and have besides 30 acres sub-tenanted.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.  
N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

## LOCAL

The new Imperial Hotel on Queens avenue will be opened Monday.

J. B. Saunders, of Saunders & Driscoll, arrived in the city last night from Pigeon Lake, where he has a party engaged in survey operations.

The O'Sullivan Business College will open on September 6th. H. N. Stronach, of Winnipeg, who has arrived in the city, will be in charge.

There will be a practice on the Thistle rink to-night of the amateur production of the American Military drama, the Confederate Spy at eight o'clock sharp. All taking part will please be on hand in good time.

The funeral of the late Mrs. J. L. Abbott took place yesterday afternoon from the family residence on Namaya avenue to St. Joachim's church where funeral services were held. A large number of friends and relatives followed the remains to their last resting place.

A party of campers at Cooking Lake came in yesterday. They included Mr. and Mrs. J. H. Morris, Mrs. F. Morris, Mrs. McDougall, Miss Clara Oliver, Mr. Justice Scott, Mr. Kennedy, and Mr. Jardine. There are still at the lake and in occupation the camps of the Robertsons, Scotts, Websters, and Harrisons.

A. B. Agar, who has been spending the past few days in the city, returned this morning to his home in Lion's Head, Ontario, where he and his brother conduct a hardware store. Mr. Agar intended spending a couple of weeks in the city, in which he is interested in a business way, but word from the east that his brother had broken his leg called him away sooner than expected. He took a short trip to the Huron Hills district yesterday evening and reports splendid crops being harvested rapidly.

W. Johnstone Walker left this morning on a trip to England, Scotland and South Africa, which will occupy about a year and a half. He will spend about six weeks in England and Scotland, visiting relatives and will then proceed to Bethlehem, Orange River Colony, where he resided before coming to Edmonton, and where a brother still resides. Mr. Walker's health is somewhat impaired and it is hoped that the change and rest of the sea trip and residence in the sunny highlands of the Orange River colony will bring about his complete recovery.

## PERSONAL

Ed. Loder, of Karlinaskia, is in the city.

Bert Russell left for Banff this morning.

J. Kelly returned to the city last night.

Mr. W. Johnstone Walker left this morning for South Africa.

Inspector Strickland of the R.N.W.M.P. arrived in the city last night from the south.

F. Bearfo, of Wetaskiwin, is in the city to-day.

L. Goodridge took a trip to Calgary this morning.

Jas. McVay, Lacombe, arrived in the city last evening.

Frank Miller arrived in the city last night from Owen Sound.

Mr. and Mrs. J. E. Wallbridge arrived in the city last evening.

Mr. and Mrs. A. L. White arrived in the city last night from Lacombe.

Miss Nellie and Miss Cecilia McNamara left this morning for Calgary.

Nedra Sweetapple, of the R.N.W.M.P., left this morning for Calgary.

U. Lobbe, of Moravia, left this morning on a visit to brothers in Seattle.

Ed. Sibbald is expected to return to Edmonton about the 15th of the month.

Lloyd Bishopric leaves Saturday for Winnipeg to attend St. John's College.

Miss Alma McDougall leaves on Monday on a visit to friends in Eastern Canada.

Mrs. A. R. Dunlop leaves for Niagara Falls, Ontario, on Monday next to visit friends.

Mr. and Mrs. A. G. Crafter left Bon Accord this morning for a visit to the Old Country.

Miss Edna Goodridge left this morning to continue her course at St. Margaret's college.

Mr. and Mrs. C. E. Roca returned to the city last evening from a holiday trip to Ontario points.

Friends of Miss Abby Sammerline will be glad to know that she is recovering from her recent serious illness.

Mrs. Wallace and Mrs. Gallop, sisters of Mrs. W. F. Crafts, returned this morning to their home in North Dakota from visiting in the city.

J. P. Lienau left yesterday morning to accept a position with Dobson, Jackson & Fry at Moose Jaw. This firm is installing the Moose Jaw waterworks.

On account of the illness in the family Mrs. John Sammerline will not receive on the first Friday in September.

Rev. Thos. A. Rodger left this morning for Calgary on his way to British Columbia to resume the evangelistic work that he has been carrying on in Alberta.

R. J. Plafie and R. O. Plafie are in the city to-day. They have located in township 50 range 5, forty miles west of Lloydminster. They will open up a general store at this point.

## PRESENTATION.

A pleasant event took place at the residence of H. W. B. Douglas, superintendent of the Presbyterian Sunday school, last evening. The teachers and officers of the Sunday school to the number of 31, gathered to manifest their appreciation of the services of Miss Alice McDougall as organist of the Sunday school, on the occasion of her departure for Toronto on a two months' visit. Mr. Douglas, as superintendent of the Sunday school, in a few suitable words expressed the appreciation which all felt of Miss McDougall's ability and kindness, and Miss Olive Ross presented her, on behalf of the officers and teachers of the school, with a silver jewel casket suitably engraved and a handsome pearl brooch.

## LACROSSE

The Strathcona lacrosse club play in Edmonton tomorrow evening. Final arrangements have not yet been made with Red Deer regarding a lacrosse match on Labor Day. A slight disagreement exists in the team. A number of the players wish to take a freight to Red Deer Sunday and return Monday evening, playing in Red Deer Monday morning. Others wish to go to Red Deer Monday and play that evening, returning to Edmonton Tuesday evening. Those in favor of going Sunday claim that a large number of the supporters of the team will be able to go if that arrangement is followed, as Monday is Labor Day, a holiday. This arrangement would not necessitate being off work Tuesday. Others claim that it would look better on Edmonton's part to give Red Deer a game in the evening, when there would be a large attendance. A definite arrangement will likely be made to-night.

A return lacrosse match, Edmonton vs. Strathcona, will be played in Strathcona some evening next week, probably Friday.

## RAINFALL AND TEMPERATURE

During the month of August 1.58 inches of rain fell at Edmonton. The average temperature for the month was 56.83.
